Never finished high school?

**Now you can get a diploma
without going back**

You already know why it's important to have a high school education. You've probably learned the hard way that it can be pretty difficult to get the kind of job you want without one. No matter how hard you're willing to work.

What can you do about it?

Maybe you've thought of trying again to get a diploma. But you've suffered enough classroom "battle fatigue" to last you a lifetime. So you'd hate to travel that route again even if you could.

But what if we told you that there was now a much better way to get a high school education? An adult way, which gives you regular high school subjects and your choice of practical vocational subjects which help you get started in one of a number of profitable fields.

That's the unique Wayne School way. You do your reading and assignments in your spare time, in the relaxed atmosphere of your own home, and "turn in" your completed assignments by mail. You don't have to give up your present job. You don't have to study or travel to class at inconvenient times.

**Wayne School
wants to help you finish
high school at home**

And you needn't be afraid of dropping out all over again, if you had trouble with school before. Wayne's specially prepared lessons make even difficult subjects much easier to take. And Wayne grades your assignments in private, by mail. You're free from competitive classroom pressures. You stay relaxed, and your progress is much smoother.

If you're 17 or over and not now in school, why not send for more information? Mail coupon for our free booklet, "*How to finish High School at home*." You're in for a pleasant surprise.

Spy-All Lets You "See Through" Walls, Fences and Locked Doors!

Secret of Private Detectives and Industrial Spies Revealed!

A remarkable optical device about half the size of a cigarette now makes it possible for you to see without being seen. People who relax, in "privacy" have no way of knowing that you can see everything they do!

Spy-All allows you to secretly observe every action—while you stay safely hidden. Operation of the tiny device is silent, almost impossible to detect. The eyepiece is no bigger than the head of a pin!

If you drilled an ordinary hole through a wall, fence or door, you could see very little. But installation of Spy-All's unique optical principle, called "X-pand," multiplies your field of vision. With X-pand, almost no detail or movement in a room can escape your Spy-All sight! That gives you some idea of Spy-All's powers! But the real surprise is the price: three dollars!

Unlimited Uses:

Spy-All's uses are limited only by your interests and imagination!

Spy-All can penetrate a 3-inch-thick wall in your home, office or factory. The highest fence or thickest door can't stop you from observing—without being observed!

Professional Uses Suggested:

Private and hotel detectives. Insurance investigators. Undercover agents. Security guards. Store owners—watch shoplifting suspects. Employers—get eye-witness proof of loafing or theft. Hospital staff—watch restless patients without disturbing them.

Camera hobbyists can even take pictures through its low-distortion lens! And Spy-All has possibilities that Candid Camera never dreamed of!

Order Spares and Extras!

Order spares so you're never denied sudden or unex-

pected opportunities. Order extras for trusted friends, they might be glad to pay you a handsome profit.

The Spy-All principle was perfected in Germany. They are now being sold by a special division (Detection Appliances) of a reputable mail order firm, located at 466 North Western Avenue in Los Angeles. Their total sales throughout the U.S. are over \$1,000,000. The owner has been a respected local businessman for 19 years.

5-Year Service Guarantee:

Spy-All is sold with this 5-year guarantee: If it fails to work due to any defect, without any charge, D.A. will either repair or replace it—or at its option, refund the purchase price.

BEETLE BAILEY in BUG BIT

The Reunion

It was a reunion in Paris of a group of soldiers who had fought in World War II. Each was a winner of the highest medal given by his respective country. They hadn't seen each other for several years. Now the meal was finished and they were telling stories.

"My country rewarded me very well," said the former soldier from the Netherlands. "For my bravery in swimming through the canal in winter to blow up a Nazi boat, I was given a farm. And it was complete with everything."

"My country rewarded me very well," said the former soldier from France. "For my bravery in pinning down a group of Gestapo I was given a concession. I can sell all the papers and magazines I wish from a heated and comfortable little store. All rent free."

"My country also rewarded me very well," added the former soldier from England. "I have a nice civil service job. All I have to do is to fasten papers together. All this as a reward for capturing five German spies."

"My country also rewarded me well," added the former soldier from Belgium. "For blowing up a Nazi command post I am tax free as long as I live."

The American former soldier had heard enough. He arose from his seat and spoke. "Our tank group was stranded in the desert. I walked three hundred miles for help. Without shoes on my feet. Slowly my feet were being ground down, inch by inch. For my reward my country gave me two new feet. Want to see them? Real flesh and bone!"

.....

X Marks The Spot

The two soldiers had never done any salt water fishing before. So they rented a rowboat, hired fishing poles, and bought some bait.

"Where can we catch a lot of fish?" asked the first soldier.

The man at the fishing station sighed. That was the eternal question every fisherman asked.

"See right out there," he replied as he waved his index finger. "You'll find a school of flounders. Happy fishing to both of you."

So they rowed "out there" and the first soldier dropped the anchor. Then they began to fish. Maybe the fish were sorry for them. Maybe they were trained

fish. Who knows? At once the first soldier yelled,

"I got a hit. Must be a big one. I won't let him get away." And so it went all morning long. Fish after fish they pulled up. And then about noon they began to feel hungry. Hadn't brought any food with them.

"We got enough fish today," said the first soldier. "So we go back. We will come tomorrow morning again."

"But how will we know this same spot. What can we do?" asked the second soldier.

"I got a piece of chalk in my pocket," said the other soldier. "See! I make an X on the side of the boat to mark the spot where the fish are. Smart idea?"

"Not too smart," was the reply. "How can we be sure we will get the same rowboat tomorrow?"

.....

The Martian Female

The first Martian Space Ship had made a successful one point landing in Washington D.C. It had taken two years of tough diplomatic work to prepare for this trip. The Martian Delegation was headed by General Hushitumbatomi in charge of the welcoming Delegation was General Winston.

"On behalf of my government it is a pleasure to welcome you here. We are at your disposal. What ever you wish to do or see, you have but to tell us."

Needless to say there were parties, dinners, and all kinds of visits to different parts of our country. But the first visit was most unusual. For as the car carrying General Hushitumbatomi passed a place with a lot of noise, he wanted to go inside. Our General hesitated. It was a Hippie Establishment. But the party went inside. Nobody paid any attention to the visitors. As one later remarked:

"We thought that guy was going to some kind of an affair all dressed up like that."

But what caught the visiting General's attention was one of the latest music boxes. Playing an assortment of 45rpm with a variety of songs. With complete attention he watched the lights on it blink. Watched as youths dropped coins into the slots. He got closer and closer to that machine. Then he spoke to the reporter next to him:

"What a most charming young lady. Looks just like the women on Mars. Shame she has to come to work here and take coins for her songs."
